Subject: former Scoutmaster Frank Pazdzinski.

Tom

I am so sorry to be so late in relaying this information to you. As you probably have already heard, Coca-Cola Enterprises offered me a position at their Shared Services facility in Tampa, Florida which was impossible for me to turn down. Linda and I will be relocating to Tampa in a couple weeks (after my daughter's wedding).

It is with mixed feelings that we are leaving. Although this move is a good opportunity for me within CCE, it is sad that I am leaving a home that I have had for 15 years and more so the many friends that I have made during that time. Most of all the friends that I have made were in Scouting. It has been at Troop 1776 that I have the most memories. From the time that I started in Pack 1776 until the time I retired as Scoutmaster of the Troop, I have gained many, many happy memories, great friends, and most of all the joy of seeing the young boys that I helped usher through Scouting now graduate from high school and enter the military and some graduating from college and entering the workforce. There is nothing like it and nothing will ever erase those smiling faces from my memories. It was a lot of fun and work and worth every minute. Of course I can't forget the adult leaders that were right there by my side. It is not a one-man job, you can't do it without the support of the adults to help you. I am forever grateful to those adults that helped and only hope that they can enjoy the same feelings that I have about being in the Scouting program.

Good luck to you Tom and your staff of adult leaders. I consider you one of the greatest Scoutmasters that I have ever met. I know that with your guidance Troop 1776 will continue to prosper and many young boys will benefit from the program. I hope that you are enjoying the personal satisfaction that I have. Keep up the good work with the Scouting program. You are right Tom - it IS a great day for Scouting ! ! ! ! ! ! ! ! ! ! ! ! ! ! !

Please forward this email to your list of Scouting emails. I will keep you updated on my new Tampa address. My work email address will remain the same.

Once and Eagle Always an Eagle ! ! !
1966

YIS
Frank
